**Market Director: Salila Travers  
Assistant Director: Anya Whaley  
Set-up In-charge: Daniel Krumland**

## **RULES**

**The rules of the market are to make known the legal requirements and to provide a safe and and harmonious environment for all of those attending the market.**

### **Vendors**

1. All vendors and their agents must read the rules, sign and submit the Testimony and Hold Harmless Agreement along with the Member application.
2. All members are required to submit an insurance certificate.
3. Be ready to sell by 9 am. Vendors are required to stay until the end of the market and may break down their tent earlier, but not their table until 1 pm.
4. All vehicles must be in place by 8:45 am and must not drive through the market after that until after 1:10 pm. Drive through the market no faster than 5 mph.
5. Park far away from the market so that customers can have the prime parking.
6. Notify the market via email or phone no later than 12 noon Friday if you are not coming to the market after being scheduled. Call and/or text (until you get a response) Saturday morning if anything comes up or you are going to be late.
7. Everything sold at the market must be approved and samples submitted when appropriate. Agricultural products sold must be of merchantable quality and are subject to inspection at the market and at the farm. Reselling of any products must be approved by the market director.
8. Vendors must have all licenses legally required to sell at a Travis County farmers market in their possession at the market and a copy submitted to the market management with their application. This includes cottage foods.
9. All food vendors must comply with Travis County Health Department rules and are responsible for knowing these rules. We are inspected regularly.
10. Vendors who produce trash must provide neat, visible trash receptacles in front of their space. Our trash receptacles are for public use only.
11. Vendors may not bring pets to the market.

12. Vendors are entitled to 10 feet of frontage and must stay within their 10 x 10 foot space unless approved by the management. This applies to signage.
13. Vendors are not required to have a tent, but if they do (10 x 10), they MUST have weights securely tied onto each leg weighing no less than 30# each. If they are set up in front of their vehicle, they may use the vehicle to tie onto. Keep in mind old bungees can break and the tent can blow away causing serious harm to another or their eye can be put out if it breaks and springs back.
14. If the management asks for you to take down your tent due to possible high winds, you must take down your tent immediately.
15. On windy days, you are required to ask for help in taking your tent down so there will be no chance of it blowing across the parking lot.
16. If your tent blows away you are responsible for any damages. If you cause any harm to another person or property at the market, you are responsible for any damages.
17. Each vendor is entitled to ten feet of frontage space and must stay within the space unless approved by the management.
18. Vendors are required to be courteous, honest, professional and presentable. Disrupting the harmony of the market is grounds for suspension. Voice complaints to the management, not to your neighbors.
19. Help maintain a clean area at all times. Please pick up any trash you see during and after the market. You may use market receptacles for trash and debris that you pick up on the grounds.

### **Fees**

1. There is a one time application fee of \$50 to \$150.
2. The weekly fee varies (\$30 to \$150) and is to be determined by the market director. Have your cash or check ready when you arrive at the market. The fees for the month are due the first Saturday of each month. A \$5 handling fee is added to each week if the month's fees aren't paid at the first attendance for the month. Checks or cash are fine. If checks for each week are submitted, they will be cashed after each attendance. If there is a cancellation by noon Friday before the market, the check will not be cashed, but used for a future week. Please call if you wish to do direct deposit.
3. If the vendor is scheduled to come and cancels after noon on Friday for any reason, the vendor is responsible for his full fee. You are responsible for checking the weather. If there is any chance you won't be coming, you need to let us know before Friday noon.
4. There is a \$25 fee for using the market's trash receptacles.
5. Vendors using the market generators will be charged \$15 per use.
6. The fee for insufficient weights on a tent is \$25 and the tent must be taken down or weights found immediately. If you choose to leave the market as a result, you forfeit your fee for the day. Insufficient weights can be extremely dangerous if the wind comes up and it HAS HAPPENED AND CAN HAPPEN unexpectedly.
7. If the management asks for you to take down your tent due to possible high winds, you must take down your tent immediately or there will be a fine of \$50.

8. The fee for driving through the market after 8:45 am or before 1:10pm without permission and supervision by the management is \$50.

### **General**

1. The market is a tobacco, gun & alcohol free zone. Please smoke far enough away so that the smoke does not drift into the market.
2. All customers' pets must be on short leashes. At the slightest hint of aggression, please call a Market Manager.

THANK YOU!
